WANT TO MAKE YOUR VERY OWN MINION?

All you need is a round stone, some paint, a paintbrush, and a grown-up!
When you're done, you can either keep your Minion or leave him somewhere
outside for someone else to find!

1. Search for a smooth round stone. Once you have it, give it a quick clean with soap and water. Then set it aside and allow it to fully dry.

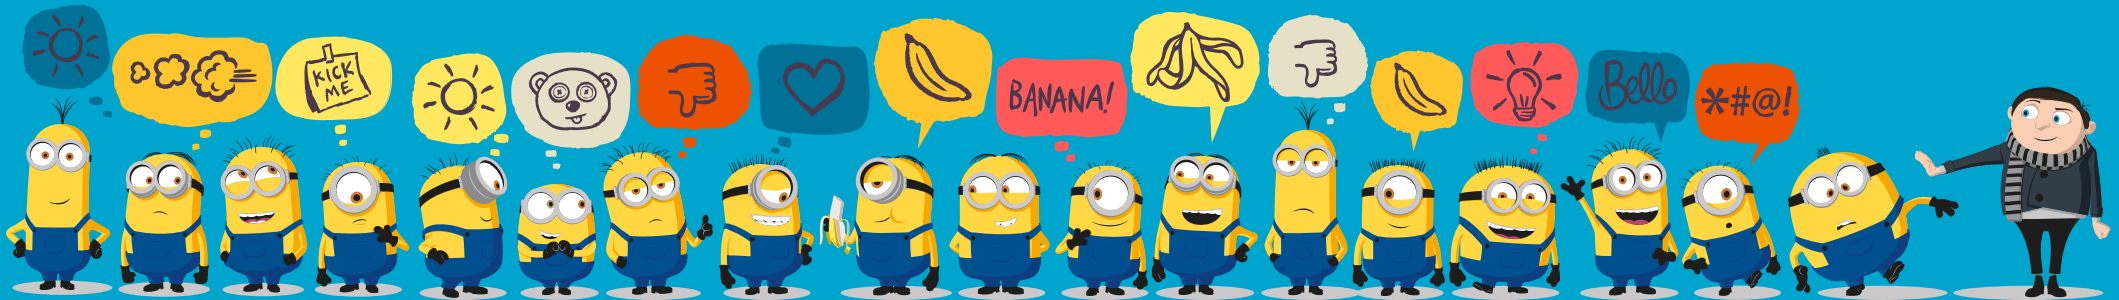

2. Now it's time to paint! Grab your paintbrush and paint the whole rock yellow and then let it dry before moving on to step 3.

3. Next, give your Minion a pair of dungarees with some blue paint and then let it dry before moving on to step 4.

4. Finally, you need to give your Minion a face! Use black, grey, and white paint to create the eyes, goggles, and mouth! Now your Minion just needs a name!

ORIGAMI NINJA STAR

Follow the step-by-step instructions below to make your very own paper Ninja Throwing Star. Then test your throwing skills using the target. But be careful! These stars have very sharp points and should not be thrown at people.

Step 1

Start with a square piece of paper.

Step 2

Fold the left side to the right side, then unfold.

Step 3

Cut or tear (after only creasing well with your nails) in half at the line.

Step 4

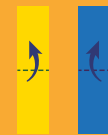

Fold each piece in half for thinner strips.

Step 5

Fold both strips in half from top to bottom.

Step 6

Unfold because all we need is the crease.

Step 7

Fold the top half to the side at the crease.

Step 8

Fold the lower half of both sheets opposite to the upper half.

Step 9

Turn both papers over so they match the positions as shown.

Step 10

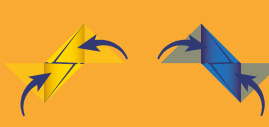

Fold the top squares of both sheets in half as shown.

Step 11

Fold the bottom squares of both sheets in half as shown.

Step 12

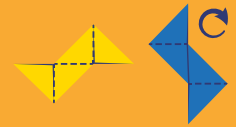

Fold the top triangles in as shown, but make sure the base of the triangle does not pass the halfway crease. Also fold in the bottom triangles of both sheets.

Step 13

Unfold the top and bottom triangles of both sheets.

Step 14

Turn the right sheet over and position it exactly as shown.

Step 15

Place the right sheet on top of the left sheet.

Step 16

Tuck the right flap of the bottom sheet under the left side of the top sheet.

Step 17

Tuck the left flap of the bottom sheet under the right side of the top sheet.

Step 18

Turn the figure over.

Step 19

Tuck the above flap into the pocket of the top sheet.

Step 20

Tuck the lower flap into the other pocket of the top sheet.

If the cards match, Player 1 gets a point and gets to go again. If they do not match, the cards are flipped back over and it is Player 2's turn. Continue until all the pairs are discovered.
